PROGRAMS FOR ALL AGES

Recreational Swimming: Open swimming is available for anyone wanting to participate in water activities. The pool offers times for lap and public swimming. We encourage individuals and families to join in the fun.

Water Awareness: Our program is based on American Red Cross standards. Classes include: Community Water Safety and progressive swimming classes for young beginners to adults. Group and private swimming lessons and parent/child classes are available.

Adaptive Swimming: For persons with mental or physical disabilities, this program helps participants to learn and improve skills, maintain and increase physical fitness, achieve success and receive recognition and experience self-actualization in a regular aquatics environment. We also offer a Special Olympics team which is designed for athletes who want to train and compete in Special Olympic events at two locations.

Unique Aquatics Activities: This includes small craft programs.

Team Sports: This program is intended for the recreational participant. We offer various team programs including novice competitive swimming, diving, water polo, inner tube polo, synchronized swimming and Special Olympics. Team practices include water instruction and many include dry land warm-ups. There is an opportunity for all participants to compete against other teams with similar ability and age citywide.

Exercise: We offer low to high intensity workouts that promote cardiovascular fitness as well as conditioning, increased flexibility and extended range of motion.

New Job Skills and Opportunities: We offer a Junior Lifeguard Program designed to prepare future lifeguard candidates by instructing participants in various water safety skills, canoeing, snorkeling, and teamwork. We offer an LA City Pre-Academy Training program for ages 16 and up to prepare candidates for the LA City Lifeguard test and LA City Lifeguard Academy.

Fishing: This self-guided activity is available at our open water facilities.
