**PROGRAMS FOR ALL AGES**

**Recreational Swimming:** Open swimming is available for anyone wanting to participate in water activities. Pools have lap and public swimming times. Individuals and families are encouraged to join in the fun.

**Water Awareness:** Based on American Red Cross standards; classes include Community Water Safety, Level swimming instruction for young beginners to adults, group and private lessons, and parent-child classes.

**Adaptive Swimming:** For persons with mental or physical disabilities, this program helps participants learn and improve skills, maintain and increase physical fitness, achieve success and receive recognition, and experience self-actualization in a regular aquatics environment. We also offer a Special Olympics team that is designed for athletes who want to train and compete in Special Olympics events at two locations.

**Unique Aquatics Activities:** This includes small craft sailing.

**Team Sports:** This program is intended for the recreational participant. We offer various team programs including, all novice and some U.S. in swimming, diving, water polo, inner tube polo, synchronized swimming and Special Olympics. Team practices include water instruction and many include dry land warm-ups. There is an opportunity for all participants to compete against other teams of similar ability and age citywide.

**Exercise:** Low to high intensity workouts are offered that promote cardiovascular fitness, as well as overall conditioning, increased flexibility, and range of motion.

**New Job Skills and Opportunities:** The Junior Lifeguard program designed to prepare future lifeguard candidates by instructing participants in various water safety skills, canoeing, snorkeling, and teamwork. We offer an L.A. City Pre-Academy Training program for ages 16 and up to prepare candidates for the L.A. City Lifeguard test and L.A. City Lifeguard Academy.

**Fishing:** This self-guided activity is available at open water facilities.
